# Vision

To change and Impact Lives for the better, striving to become one of the top youth Development and Empowerment Institutions in South Africa, Africa and Globally.

# Mission

- \* Develop and empower young people, especially those from underprivileged and rural areas, so they could also become responsible nation building Citizens.
- \* We will achieve this through modernised methods in Youth development and empowerment

# Services

## Sports, art and Culture

- Introduction and Facilitation of Extra Murals at Schools
- Setting up of Clubs and Academies as outside of school Programmes
- Development, Organization and Hosting of events

# Youth Cricket Plan Of Action

Then They Become  
Professional Cricketers  
And Represent SOUTH  
AFRICA! From humbled  
beginnings

Even if Our Player get Bursaries  
from Other schools, We will  
continue to Monitor the ir Progress  
and provide them with assistance  
until they reach top levels. Gaining  
Full Provincial Colours

Those selected on the Trials will  
receive Specialized Coaching So they  
Can Perform well and not Make up  
numbers

Best Preforming 1st team Players will be sent to  
trials based on Provincial locations

Out of that League We select Squads to play Against Other teams and Schools under  
Provincial Fixtures. We will create 1st , 2nd, 3 team etc... as Maximum Participation is Our  
Goal, We want those who are not as good to get the opportunity to enjoy the Sport with  
Different Kids from Other areas, that is why we do not select only one team. Girls will have  
a separate teams. Teams, under 9, 10, 11, 13, 15, and 19.

Create a league for Different age groups, based on the numbers we have. Since Cricket grounds  
are not available in the townships, We will host the Matches @ a Centralized Venue. Matches  
will be 20 Overs each . Age groups: Soft Ball, Under 10, under 12, under 14, under 16 and 19. teams  
will be mixed gender. for fundraising we can enter adults league

For their Convenience, Train the youth at their Own areas of residence. That will  
save them money and time. Coaches will go them. Areas can have more than one  
team, We just need maximum Participation and Kids Playing Sports

Find Young People who are interested in Playing Cricket, Boys and Girls from  
Townships and rural Areas. We do That By Putting up notices, Going to Schools and  
handing out Fliers. Also those who are willing to volunteer in Cricket as Coaches,  
Umpires, Officials etc
